

Signing Ceremony to Enter into China's Largest Drug Valley

On August 26, Nobelpharma Co., Ltd. and Taizhou China Medical City (Taizhou City, Jiangsu Province), China's largest drug valley (Medical Industry Development Area), held a signing ceremony for an entrance agreement for Nobelpharma to expand into the drug valley. The ceremony was broadcast live on the Web with local media also invited.

Present in the ceremony were: Mr. Wu Xiang, Deputy Secretary; Mr. Zhou Jihong, Deputy Director, and other executives from the CMC Management Committee; and officers from the Distribution Center and the New Drug Application Center. From Nobelpharma, Mr. Jin Shiomura, President, Mr. Arata Tabata, Executive Officer and Chief Operating Officer, Mr. Yoshihide Yamamoto, Executive Officer and Head of the Overseas Business Development, and other members attended the meeting.

The signing ceremony started with the greeting by Mr. Wu Xiang, followed by Mr. Jin Shiomura, who started the speech with Chinese and received a big welcome.

In the evening, the signing ceremony was also broadcast on a local news program of Taizhou City (population of approximately 5 million), which conveyed the Chinese government's great expectations for our entry.

Nobelpharma plans to establish a local subsidiary in the Taizhou China Medical City by the end of October, aiming to maximize the corporate value, while actively contributing to the welfare of Chinese patients, by introducing new drugs and medical devices developed by our company into the pharmaceutical market of China, which has achieved remarkable economic development and has become the world's second largest economy.
