Nobelpharma Co., Ltd. Has entered into an Exclusive Distribution Agreement with A.R.C. Laser GmbH for Otorhinolaryngo Laser Systems in Japan

Nobelpharma Co., Ltd. (Headquarters: Chuo-ku, Tokyo/Managing Director & CEO: Jin Shiomura) is honored to announce the entering of an Exclusive Distribution Agreement related to the Otorhinolaryngology medical laser system's distribution in Japan with A.R.C. Laser GmbH (Head Office: Nürnberg, Germany; CEO: Angela Thyzel) as of July 2nd, 2025.

As of January 1st, 2025 Nobelpharma established the Medical Device Division, further dedicating into the medical device industry. Through cooperation with A.R.C., we aim to secure the necessary regulatory approvals for the distribution in the Japan market, and along with "TITANBRIDGE®" and "Retyma®," this medical laser system will be the third product for our medical device portfolio.

Nobelpharma is determined to continue contribution to society by providing critical but neglected pharmaceuticals and medical devices.

About A.R.C. Laser GmbH

Founded in 1996 in Germany, A.R.C. Laser GmbH is a medical grade laser system manufacturer dedicated to providing the best care, precise work and high-quality standard products to the patients.
